Dear Mr. Breton,

Please accept this letter as a thank you for the job you did distributing the Town of Oakville's Spring 2004 Ward Newsletters.

These newsletters are a great way for our Councillors to communicate to our residents. As such, we rely heavily on distribution to reach each and every household in Oakville.

Distribution of the Ward Newsletters is always challenging for us due to the strict adherence to the Ward boundaries. Your professionalism and excellent work ethic when faced with these challenges was very much appreciated. With your distribution, I was confident that every effort was made to ensure that our newsletters were distributed to every household.

I look forward to working with you again.

Sincerely,

Gisele Shaw
Manager, Corporate Communications
